Innovative • Comfortable • Affordable

As the home healthcare and rehabilitation markets continue to rapidly expand, there is an ever increasing demand for those breakthrough products that can assist those in need. MOBB Health Care is always interested in evaluating these new products and ideas for the global markets we serve. As a forward-thinking company that thrives on innovation, we value small improvements to existing items as much as the cutting-edge ideas that can revolutionize our marketplace.

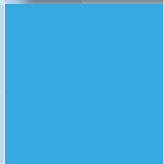

Stay tuned for new innovative products.

MHASC

Anti Decubitus Air Seat Cushion

DIMENSIONS

17"W x 17"D x 2"H

FEATURES

- Provides comfortable, stress free sitting
- Ring shaped holes ensures even distribution of body weight without putting pressure on the lower back
- Provides ventilation and pressure relief
- Air inflated cushion allows for easy adjustability of firmness
- Ideal for people who sit for prolonged periods
- Includes air pump

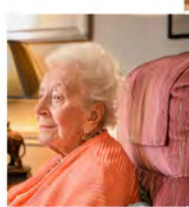

MHLUNA Luna Cushion

DIMENSIONS

28"W x 9"D x 5.5"H

FEATURES

- Can be used as an armrest or head rest, for neuropathy and other neurological conditions
- Offers gentle head support due to discomfort for Kyphosis
- Creates a broad and soft base of support for arms
- Removable belt for secure placement

MHUPCW Up Rite Cushion Wedge

DIMENSIONS

19¾"W x 9¾"D x 3¾"H

FEATURES

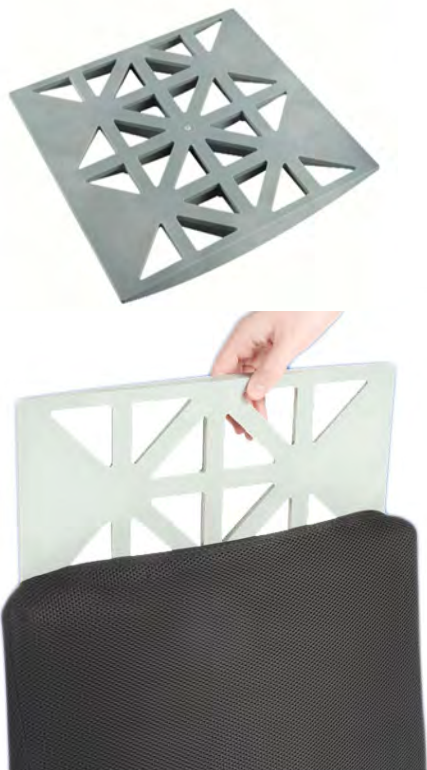

- Prevents the body from sliding forward
- Reduces pressure on the buttocks while in the elevated-back position
- Incontinent wipeable cover
- Navy blue cover

MHSRR Seatrite Rigidizer

DIMENSIONS

16"W x 15"D x 1"H

MHSRC Seatrie Cushioned Rigidizer

DIMENSIONS

18"W x 16"D x 3"H

FEATURES

- A typical wheelchair/transport chair is constructed with a sling suspended between two rails. Over time, the sling stretches and sags when (user) weight is applied. This “hammocking” effect promotes poor posture and creates pressure hotspots. These pressure hotspots restrict blood flow which can potentially lead to skin ulcers without medical intervention
- Ergonomically designed, Seatrie™ contributes to a more comfortable wheelchair/transport chair experience by neutralizing the sitting position
- By neutralizing the seating position, posture is corrected and the pressure relieving cushion can properly relieve, and evenly distribute, sitting pressure over a greater surface area
- Proper sitting posture is attained by cancelling or removing the hammocking effect. In this position the pelvis sits in a neutral upright position. The spine is allowed to retain its natural S shape and the cushion contouring encourages the legs to stay parallel rather than meeting at the knees
- A flatter seated position helps reduce pressure to the ischial or “sit bones”, by dispersing pressure evenly underneath both legs and buttocks
- With proper anatomical positioning, pressure is reduced, the pelvis is stable, legs are properly aligned, comfort is enhanced

MHSACO2

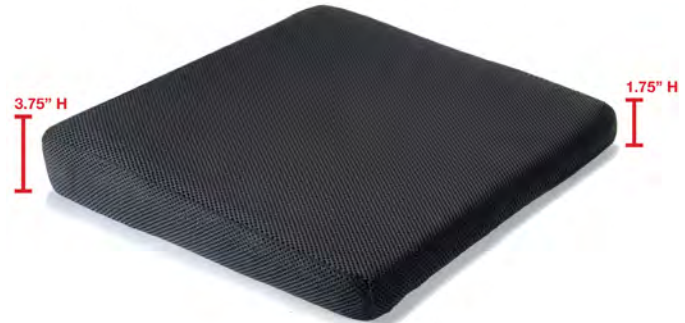

Air Wedge Cushion

DIMENSIONS

18" x 16" x 1.75" - 3.75"

FEATURES

- 2 way air valve for custom comfort
- High quality 3D mesh cover for added comfort and breathability which is removable for easy cleaning
- Open cell memory foam retains user's contours and ensures no risk to bottoming out
- Air + Foam = custom fit and comfort

Wheelchair Air Foam Cushion Flat

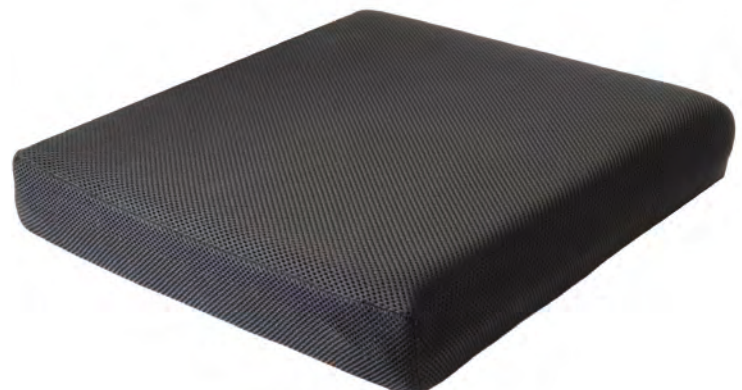

DIMENSIONS

18"W x 16"D x 3"H **MHWACM**

16"W x 16"D x 3"H **MHWACS**

FEATURES

- 2 way air valve for custom comfort
- High quality 3D mesh cover for added comfort and breathability which is removable for easy cleaning
- Open cell memory foam retains user's contours and ensures no risk to bottoming out
- Air + Foam = custom fit and comfort

Wheelchair Gel Cushion

DIMENSIONS

18"W x 16"D x 3"H **MHWGC**

16"W x 16"D x 3"H **MHWGC16**

20"W x 16"D x 3"H **MHWGC20**

FEATURES

- Cushion provides maximum comfort and self leveling
- Built in hand straps for easy positioning
- Incontinent wipeable cover

MHWSC Wheelchair Seat Cushion

DIMENSIONS

16"W x 16"D x 3"H **MHWSC16**

18"W x 16"D x 3"H **MHWSC18**

20"W x 16"D x 3"H **MHWSC20**

FEATURES

- Wheelchair seat cushion is perfect to stabilize, support and position the body
- It can contour the seating area for extra comfort and promote proper positioning
- Non-slip bottom surface
- Cushion cover is removable for easy cleaning
- Made of high quality foam

MHWDL

Wheelchair Dual Layer Seat Cushion

DIMENSIONS

16"W x 17"D x 2.75"H

FEATURES

- Provides premium comfort by evenly distributing your weight and supporting your pelvic area
- Upper layer memory foam contours to your shape and lower layer PU foam provides a durable base

3" Seat Cushion

DIMENSIONS

16"W x 16"D x 3"H **MH3SC**

18"W x 16"D x 3"H **MH3SCM**

20"W x 16"D x 3"H **MH3SCL**

18"W x 18"D x 3"H **MHI8SC**

FEATURES

- Increases comfort
- Provides modest pressure reduction while helping with better posture

Seat Wedge Cushion

DIMENSIONS

16"W x 16"D x 4.5"-2.5"H **MHWWC**
18"W x 18"D x 4.5"-2.5"H **MHWWC18**

FEATURES

- Can be reversed to provide a “dump” seating position when not used for hip surgery recovery
- It ensures a more comfortable seating position
- Ideal for patients recovering from hip surgery
- Ensures hip angle stays greater than 90°

MHRC Rollator Cushion

DIMENSIONS

15"W x 5"D x 2"H

FEATURES

- Provides comfort for any firm Rollator seat
- Attaches with 2 Velcro straps and has an easily removable cover for washing

MHRG Ring Cushion

DIMENSIONS

16" width **MHRG16**

18" width **MHRG18**

FEATURES
